

SEAADE 2025 – Day 3 Highlights

Closing Ceremony & Lucky Draw Bring the Conference to a Joyful Close

 Taipei, Taiwan | November 9, 2025

The final day of the **36th South East Asia Association for Dental Education (SEAADE) Annual Meeting** marked a memorable conclusion to three days of inspiring scientific exchange and regional collaboration.

Under the conference theme, *“The Ever-Evolving AI Era and Environmental Sustainability in Dentistry: Next-generation Oral Health, Education and Innovation,”* the day featured dynamic **scientific sessions, poster and oral presentations**, and the **ITI Forum**, exploring the future of digital dental education and sustainable innovation.

At the **TADS & SEAAD Closing Ceremony**, outstanding researchers received **Poster and Oral Presentation Awards**, recognizing their academic excellence and contributions to advancing dental education. The atmosphere reached its peak when **Professor Jun Tsuruta** officially announced that the **37th SEAAD Annual Meeting will be held in Tokyo, Japan, in 2026**, drawing warm applause and anticipation from all delegates.

Honoring excellence — recipients received the *Certificate of Achievement* for their outstanding oral and poster presentations during SEAAD 2025.

A proud moment of recognition: awardees were presented with the *Certificate of Achievement* to celebrate their dedication and innovation in dental education and research.

SEAAD 2025 Concludes in Taipei — Next Stop: Tokyo!

Professor Jun Tsuruta officially announced that the **37th SEAAD Annual Meeting** will be held in **Tokyo, Japan, in 2026** — a moment met with enthusiastic applause from all participants.
